

## Welcome to school!

Your child will turn 7 years old during this calendar year, thus reaching the age of compulsory education and must officially enroll in school. Guardians enroll their children in comprehensive schools of the City of Pori electronically in Wilma between **8th–20th January 2026**.

Information on enrolling in private schools can be found on the schools' own websites. If you enroll your child in a private school, you do not need to enroll elsewhere.

**Enrollment is made in Wilma-account by completing the "Registration for elementary school" form, which shows the child's local school.**

### 1. Options how to log in to your Wilma-account:

**a) Your child is already in pre-primary school, and you have Wilma-account**  
School enrollment profile will automatically appear in your Wilma -account 7.1.2026. For registration, choose this new profile and fill out the registration form. (look point 2 for more information)

#### **b) Creating a new Wilma ID**

**Wilma -accounts are created with a strong electronic identification, which will require your bank credentials. Log in to Wilma at <https://pori.inschool.fi/connect>**

Start by entering email -address and then select "Send a verification message". You can now open your email. You have received a confirmation message to complete the registration. Select "Koulutulokkaat" for school. Once you have created an account, log in to Wilma.

### 2. Complete the school registration

**If your child is in pre-primary school, select the school enrollment profile in Wilma for registration.**

In Wilma, select the forms tab from the top row (there are more tabs behind three dots...) and then select the form "enrollment in elementary school". When you have filled out the form, remember to save it. You will receive a notification upon successfully saving. You can freely open the form and modify it until the end of the enrollment time ends.

If moving out of Pori before school starts, inform the principal or school secretary of the nearby school.

If not able to use electronic enrollment or need additional information, please contact your local school.
